

VHE Instruments

Why LATTES? What is in a name

Base design – Conceptual Design

CESAR

Calorimeter **E**lectromagnetic for **S**tudying **AiR**
gammas

Two lines of development for radiator: water or **glass**

Measure the shower energy with good resolution

MARTA

Muon **A**rray **R**pcs for **T**agging **A**irshowers

Particle counter based on RPC technology

(RPC -- Resistive Plate Chamber)

Temporal resolution ~ 1 ns
